He is the musical Moses/prophet of this age;

The Artist ONE is one of the great visionary artists of this century. "The Moses" of this generation and I foresee the one who will lead this industry out of this proverbial desert. April 4th 2015 will mark the release the newest album "40 years of wandering" with a small but important tour of Rome, Egypt, Israel and Moscow Russia.

Legendary music promoter Boyd Grafmyre, the "Mahatma of Rock" and Executive Producer of "MOSES", is coming out of retirement for one last show. "I have always had an ability to hear the future in music" says Boyd. Boyd Grafmyre is considered the last of the iconic rock promoters from the 60's and 70's, responsible for legions of bands and artists such as the late Jimi Hendrix, The Doors, Led Zeppelin, Chicago, Elton John and Alice Cooper and some of the largest outdoor festivals Such as Seattle POP.

"MOSES" is a musical journey of the most read book in the world, "The BIBLE." It is fresh, new, and not an album or a band that plays empty bars. It has the sounds that I personally feel will fill stadiums once again. The music has a blend of many possibilities, a theatrical experience blending sight, sound and spirituality.

This project is set to be a three hour, three set production, with a large film backdrop (synched with the show), as seen in many bigger live show theaters, adding actors and holograms into the performance. The Artist ONE composes and performs all the music for the albums alone but will enlist from ten to 50 musicians to perform the show live. (In some cities a large orchestra)

"I feel we are living in the last days and to focus on money is a waste, I am sure we will lose millions in this evangelistic production".

We are currently in negotiations to play ROME Italy, An undisclosed location in Israel, Cairo Egypt and Moscow Russia.

Exodus IV.3 "40 years of wondering" is the third album from the Exodus trilogy with special guest performers by top Italian singer Dr. Veronica Vitale and highly acclaimed operatic singer Andrea Turner.

DR. Malachi is the only artist to make music of the Bible and the only artist in my opinion to do it properly.
